HAUTE MATSIATRA REGION, ZIBO BECOME FRIENDLY COOPERATIVE CITIES

The city of Zibo in East China's Shandong province signed a memorandum of understanding on May 13 on establishing friendly and cooperative relations with Haute Matsiatra Region in Madagascar.

Cai Xianjin, director of the foreign affairs office of Shandong, stated in his speech that Madagascar is an important African partner for Shandong province, and this year marks the 50th anniversary of the establishment of diplomatic ties between China and Madagascar.

Madagascar is also one of Zibo's most important African economic and trade partners, and the cooperation between the two in textiles, fertilizer, steel, mechanical products and electrical products is getting stronger and stronger, according to Ma Xiaolei, mayor of Zibo.

"Deepening cooperation between Zibo and Haute Matsiatra Region will open a new chapter in the partnership between the two," he said.

Ma hoped that the two sides will take this opportunity to further deepen exchange and cooperation in industry, agriculture, tourism and medical care.

Madagascar is located in southeastern Africa. One of Madagascar's 23 regions, Haute Matsiatra Region, is located in the center of the country. It covers an area of 20,883 square kilometers and has a population of about 1.5 million.

Zibo interior painting: A big world inside a small bottle

Wen Jing, an inheritor of Shandong inside-painting art, has been engaged in the technique for more than 30 years.

Shandong inside-painting art, also known as Lu inside-painting, is a technique used to paint the inside of a bottle. It originated more than 200 years ago in Zibo, Shandong province, which is known as China's capital of ceramics.

The art was listed as a national intangible cultural heritage item in 2014. Artisans used to paint the inside of a snuff bottle, a vase or a glass ball. The usual themes of these paintings are flowers, birds, and natural landscapes.

As a Zibo native, Wen has made great efforts to promote inside-painting art. “I have participated in the Zibo ceramics expo for many years. I hope to promote Shandong inside-painting through the expo and help more people learn about this Chinese traditional art” Wen said.

The 21st China (Zibo) International Ceramics Exposition, which was held from Nov 29 to Dec 6 in 2021, had attracted more than 200 ceramics enterprises, as well as more than 300 masters at the national and provincial levels showcasing a wide range of ceramic artworks.

Zibo Liuquan Middle School

Zibo Liuquan Middle School was founded in 2016, and named after Pu Songling who was the master of the world's short stories. The Middle School is a public school sponsored by the Zibo Municipal Education Bureau, featuring information based teaching. The school covers an area of 103.5 mu and there are 2,400 students and 187 teachers. Our school was selected in the list of “Football Featured School of National Campus in 2020”“School with Winter Sport Programme of National Youth Campus”, and won the title of “Curriculum Experimental Base of Primary and Secondary School in Shandong Province” “Demonstration School of All-Environmental Education in Shandong Province”.

The school attaches great importance to foreign exchange and cooperation. It has established cooperative relationship with many schools and organizations, for example Australian International School of Bradford and International School of Livingston, Basic Education of Ontario in Canada, Marquette High School of the USA, Wanhe International Education Group of Singapore and so on. Our school carries out foreign exchanges actively, expands the international horizons of teachers and students. Our school has been identified as the first batch of international construction schools by the Shandong Provincial Department of Education.

Potential Cooperation:

Britain, Germany, Singapore, South Korea: online classroom, teacher & student exchange, sister school
