Confidentiality Commitment

To ensure the confidentiality and safety of the international competition for the architectural concept scheme for the permanent site of the Greater-Bay Science Forum, as per the Law of the People's Republic of China on Keeping Confidentiality of State Secrets and the relevant national laws and regulations, this organization voluntarily signs the letter of commitment and strictly abides by it.

I The team members and other participants have the obligations to keep confidential of various materials and information of the project.

II As per the Law of the People's Republic of China on Keeping Confidentiality of State Secrets and the relevant national laws and regulations, the technical documents (including appendixes, similarly hereinafter) and other relevant confidential documents, materials and information provided by the competition organizer (including the undertaker, similarly hereinafter) shall be kept confidential and well kept, and shall not be lost, copied, or disclosed or leaked to any third party.

III If this organization passes the qualification selection and review and becomes the formal participating organizations, after the Technical Documents and other confidential documents, data and information provided by the competition sponsors are obtained, the confidential contents of the project shall be kept secret whether they continue to participate or not.

IV During the implementation of project activities, the organizer must master the qualification and natural conditions of the staff of the party, and register the personnel participating in the project, to ensure that the organizer can provide the original data, clues and evidence for searching of relevant confidentiality disclosure persons and disclosure causes to the competition organizer in the case of confidentiality disclosure, and will actively assist in the investigation.

V From the date when the confidentiality person signs the confidentiality commitment, it shall be deemed that the confidential person has informed all the personnel of the organization participating in the project of the contents of the confidentiality commitment, and the confidentiality measures adopted shall not be lower than the level required in this commitment. The confidential persons shall carry out necessary confidentiality education for the internal personnel.

VI For any time during and after the competition, all the confidential contents of the project cannot be disclosed.

VII During the activity, if the confidential persons violate the contents of this commitment, the competition organizer has the right to cancel the qualification of the confidential persons to participate in this project.

VIII In case of breach of the commitment and disclosure of the contents of the project and any information related to the project, which leads to or may lead to disclosure, the fault party will be investigated for responsibility in accordance with laws. If it constitutes a crime, the judicial authority will investigate for criminal responsibility in accordance with laws.

IX This confidentiality commitment shall become valid from the date of signature by the confidential person and shall be valid for a long time.

X The final interpretation right of this confidentiality commitment belongs to the competition organizer of this project.

Participation Statement

Management Committee of Guangzhou Nansha Development Zone:

Pearl Bay Development and Construction Administration of Guangzhou Nansha New Area:

The organization makes a solemn statement on participate in the international competition project for architectural concept scheme of permanent site of Greater Bay Area Science Forum:

I Our organization guarantees that all the registration materials and all the subsequent materials are true and effective.

II Our organization guarantees that there are no situations where the openness, fairness and justice of the competition are affected (including but not limited to collusion in registration, etc.), and will not bribe the scheme competition organizer or member of the evaluation expert group.

III Our organization has a good reputation in the industry, and has not been subject to revocation of business license, revocation of qualifications, suspension of business for rectification, or being taken over or frozen of property being, entering bankruptcy proceedings, etc. by relevant departments.

IV Our organization and our subordinate organizations have not participated in preliminary work of this project, the preparation of scheme competition documents and other related work, and this organization has no subordinate relationship or other interest relationship with the scheme competition organizer.

V The organization guarantees (valid certificates such as identification card or passport) that the principal of this project participates in the whole process of design scheme solicitation and design scheme design.

VI Our organization guarantees to comply with the requirements of "different organizations of the same legal representative (including its parent company, wholly-owned subsidiary and its holding

company) shall not participate in the competition project at the same time", except the consortium jointly formed for the competition.

If our organization violates the above guarantee, or the contents of this statement are inconsistent with the fact, after investigation, our organization is willing to accept public notification and cancellation of the competition qualification, and undertake the resulting legal consequences.

Hereby declare!

Remarks: if the participating organization is a consortium, all the parties of the consortium must provide the statement.

Joint Participating Agreement

(Names of all the parties of the consortium) a consortium was formed to participate in the international competition for architectural concept scheme of permanent site of Greater-Bay Science Forum. For the matters related to this project, the parties have reached the following agreement after full negotiation on the relevant matters of this project:

I With XX as the principal party of the consortium of the competition work and XX as the co-organizer, a consortium is formed to jointly carry out the competition work of this project.

II The consortium will participate in the competition in the name of the principal party. After winning the election, all the parties of the consortium will jointly sign the contract with the competition organizers (or the undertakers), and they will jointly be responsible for the project for the competition organizers (or the undertakers).

III. The principal party is responsible for____, and the co-organizer is responsible for____. For the specific work scope and contents, the contract shall prevail.

IV After winning the election, through the negotiation of all parties, the details and provisions of responsibilities, rights and obligations of all the parties shall be reported to the competition organizers (or the undertakers) for consent, and agreements or contracts shall be signed.

V All parties in the consortium shall no longer compete independently in this project in their own names, and the project principal of the consortium shall not be a member of the project team of other consortia or independent participating organizations. If the consortium competition is invalid due to the occurrence of the above problems, other members of the consortium can be held accountable for breach of contract.

VI If the consortium is not selected, this agreement will be automatically revoked.
