**Huge Fairs Seek Investors for Development Projects**

Strong natural and competitive advantages offer rich business opportunities. Zhaoping reports.

By MA ZHIPING

Hainan province aims to become the country’s first modern tropical island province, where new, high-end medical and healthcare projects can help realize the Healthy China plan.

**Tourism services must be improved.**

Working on a high-end medical and healthcare project involves improving the comprehensive level of healthcare services. The success of the project will depend on the comprehensive level of healthcare services.

In March, Hainan will open its first pilot zone of a tourism destination, covering around 130 hectares. The zone is a low-carbon, documentary-based, aging-orientated tourism center, with its 700-year historic background. The zone's natural environment is the island’s key selling point. The zone's tourism service industry can be promoted, under the spotlight of the Boao International Tourism Conference. The zone consists of nine cities, nine counties, and 33 towns.

**Improving health and tourism.**

Tourism and health are both hot topics backed by the Chinese government. The provincial government has made great efforts to help promote the health tourism industry along the island.

**Health tourism.**

Health tourism is a trend, which also means that Hainan tourism will be upgraded. Hainan tourism also involves tourism and medical projects, with the Boao Evergrande International Hospital as a pilot. The hospital is a high-end medical hospital with the HNA Group, and is designed to be a demonstration zone for the Healthy China plan. It can provide high-end medical health management, and rehabilitate people and attract both domestic and foreign tourists. The hospital can also be taken as a demonstration for tourism and medical projects.

**Tourism service industry.**

Tourism service industry can be promoted under the guidance of the Boao International Tourism Conference. The conference is an important platform to promote tourism service industry. The conference can promote tourism service industry and tourism projects.

**Competitive advantages.**

Hainan tourism is not only for its splendid environment, but also competitive and diverse tourism resources. The tourism resources can be further upgraded to become an attractive tourism destination.
